EXPERIENCE

BCDW CONSULTING

New York, NY

Sr. Product Manager

Aug 2025 – Present

- Led the build and automation of a CRM-driven international expert network, establishing workflow and KPI cadence; supported 250+ users, delivered 5 consults/week, and cut time-to-fill by 60% (weeks to days) through process redesign
- Partnered with client-facing teams to formalize customer requirements into structured service criteria and stage-based workflows, improving first-pass match accuracy by 20% and shortening average post-match project kickoff time by 35%
- Improved retention and service quality by redesigning intake and matching workflow (structured requirements, scoring, automated QA) and instrumenting feedback loops; increased repeat engagement by 20%, maintained a high-touch experience

BLACKBIRD LABS

New York, NY

Product Management Summer Associate

Jan – Aug 2024

- Led a cross-functional team (Engineering, Design, and Go-To-Market) to redesign the app check-in flow, coordinating user research and rapid prototyping to ship an MVP in six weeks; reduced drop off by 20% and related support tickets by 45%
- Reprioritized the product roadmap by synthesizing user research with SQL analysis to pinpoint top pain points; aligned cross-functional stakeholders on trade-offs, groomed the backlog, and secured approval for a pilot of a new UX concept

IBM

Bangalore, India

Leveraged legal expertise to transition into high-performing sales leadership, owning revenues across APAC. Subsequently, was hand-picked to spearhead new product line as part of pandemic response initiative

Product Manager

2021–2023

- Led a cross-functional squad across a three-product portfolio spanning AI, fintech, logistics offerings; owned the full lifecycle, from PRD and build through go-to-market, performance management, and end-of-life retirement
- Built a SQL-backed business case with Coursera/edX partners to launch a new product; secured CFO approval and generated \$2.5M in multi-year contract value across 40K enrolled users
- Defined platform strategy for four global bank partnerships; shipped role-based onboarding and an analytics dashboard, cutting activation time 30%, lifting course completion 25% (40K+ users), and halving curriculum iteration time

Deputy General Manager, Marketing and Business Development

2018–2021

- Managed a team of 12 sales executives driving go-to-market across 22 cities, delivering \$2M in enterprise revenue and 7% YoY client acquisition growth
- Led multi-stakeholder delivery across 12 universities (administrators, faculty, program teams) to roll out new research programs; improved outcomes for 16,000+ students and 300 faculty, contributing to 30+ ranking improvements
- Redesigned revenue operations by rebuilding lead allocation and customer onboarding; eliminated 100+ annual incentive disputes, increased partner satisfaction 30%, cut onboarding time 30%, and saved 10,000+ staff-hours per year

Attorney

2015–2018

- Spearheaded cross-functional team spanning lawyers, bankers, and tax professionals on \$50M acquisition of data resiliency company operating in USA, UAE, and India; concurrently mentored junior attorney on transaction structuring

WIPRO LIMITED

Bangalore, India

Senior Legal Executive

2013–2015

- Awarded the 'Best Junior Lawyer - 2014' amongst 200+ lawyers across worldwide corporate team
- Provided regulatory counselling to insurance, banking, and telecom business units to achieve annual revenues of \$600M+
